TERMS OF SALE

- 1) A 10% buyers charge will be added to the hammer price of each lot purchased
- 2) All bids are per lot as numbered in this catalog.
- 3) We reserve the right to withdraw any lot prior to sale.
- 4) All successful bidders shall be billed for postage, handling and insurance.
- 5) NASCA reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
- 6) A NASCA auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of NASCA's failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
- 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
- 10) All bids must be in whole dollar amounts; this includes percentage increases.
- 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
- 12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
- 13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
- 14) Title does not pass until payment in full is received. NASCA reserves the right to await clearance of any check before making delivery.
- 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by NASCA shall be borne by the defendant. The signer of a NASCA bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as NASCA alone shall elect. The participant in a NASCA auction also assumes both corporate and personal liability for unpaid auction bills.
- 16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 17) NASCA may reopen the bidding on a lot under the following circumstances: 1) NASCA has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
- 18) In the event of a dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. NASCA reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
- 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
- 22) No lots may be returned by floor bidders except for non-authenticity.
- 23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify NASCA of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 25) In the event of unsuccessful litigation the plaintiff shall pay NASCA's legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 26) The same protections applicable to NASCA apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 27) NASCA assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 28) All accounts are payable to NASCA in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by NASCA for auction sales, catalogs or other monies due to NASCA.
- 29) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

A WORD ABOUT RESERVES

While the bulk of the items in this sale are unreserved, items indicated by an "*" in front of the estimate are reserved at the lower price indicated. For example, an item with an estimate of *(25-Up) is reserved by the consignor at \$25. If there are no mail bids for the reserve price or greater, the lot will be opened to the floor bidders at the reserve price. If there is no bidding response, then the lot will be "passed."

Where non-published reserves exist, the auctioneer may make bids in response to others. R. M. Smythe & Co. / NASCA Auction Division reserve the right to include their own material in this auction, as well as to bid on any lot in this sale. R.M Smythe & Co. has advanced money to consignors, where requested. In addition, R.M. Smythe & Co., Inc. has agreed to advance money to purchasers who have established credit in advance.

A WORD ABOUT OUR ESTIMATES

With the exception of United States coins, we have endeavored to include estimates on each lot. These estimates are our very conservative opinion as to what we feel the lot will bring. However, prices realized may be higher or lower depending on wholesale and retail market conditions at the time.

MAIL BID ONLY PORTION

The Mail Bid Only portion of this sale will be included in a separate catalog and will close on Thursday, April 11, 1991 12:00 P.M. Noon sharp. The catalog will be shipped to all those receiving this catalog approximately March 18, 1991, and will be available at the Metropolitan Show. All lots (with the exception of certain bulk items) will be available for viewing at the show.

The Mail Bid Only portion includes Obsolete Currency with further selections from an important New York State collection among which is a rare specialized group of counterfeit, spurious and altered notes; also, CSA bonds and related material, Federal currency and National Bank Notes including further selections of Indiana and New Jersey. United States coins will feature choice single pieces and useful dealer lots. International currency, coins, and exnumia will also be in the offering as well.

CONDITION TERMINOLOGY FOR PAPER

- Gem Unc.** (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
- Choice Unc.** (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
- Unc.** (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
- Choice AU** (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
- AU** (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
- EF** (Extremely Fine) - An item which may, at first glance, look uncirculated but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
- VF** (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
- F** (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
- VG** (Very Good) - A well circulated item, complete, unimpaired except for petty edge splits, pin holes, some surface splitting along heavy folds and soiling.
- Good** (Good) - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
- Fair** - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
- Poor** - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
- Abt** (before a grade) - A shade below the grade it preceeds.
- Plus or +** (following a grade) - A shade better than the grade.
- VF-EF** (hyphen between grades) - The grade is about halfway between the two grades shown.
- VF/Good** (slash between two grades) - Face and back are two different grades. The grade preceeding the slash is for the face. The grade following is for the back.

CONDITION TERMINOLOGY FOR COINS

Circulated coins are graded according to the ANA guidelines. **Numerical designations for uncirculated coins are according to generally accepted industry standards.**

PUBLIC SESSION I

Thursday, March 21, 1991

8:00 PM

LOTS 1101 - 1634

OBSOLETE CURRENCY

The collecting field of obsolete currency took a new direction last year when the American Banknote Company decided to make available to the collecting community their archives, consisting of proof banknotes of the several predecessor firms, by means of a public auction sale last September. This arrival of fresh, historically significant material on the market, should be to the benefit of current collectors and to the many newcomers who are joining the ranks. Although fully issued notes are much desired by veteran collectors, proof notes have the advantage of displaying the finest details of the engraver's art and should not be dismissed, because often they are the only extant specimens available. This is especially true when the issuing bank became part of the National Banking system and redeemed its outstanding obsolete notes; sometimes as late as thirty years after the Civil War.

1204 Face and Back

- 1153 **Columbus. BANK OF COLUMBUS. \$500. (G-80). Vermillion tint. Proof, on card. Unc., POC. (Photo) (\$175-Up)**
A number turned up in the ABN Sale, but this is still a beautiful, high denomination note.

- 1154 **Macon. UNKNOWN PRIVATE SCRIP ISSUER. \$10. 1820's. FDU. Proof, on card. Unc, the top border is trimmed, the note is lightly foxed. Very Rare. (Photo) (\$175-Up)**

- 1155 **Savannah. MECHANICS SAVINGS BANK. \$1. (G-2a). Proof, on card. Unc, POC. Ex ABN Sale, only tinted note on card. (\$125-Up)**

This note came from the first of three sheet plates lent by the bank to the Confederate Treasury. This plate fell into the hands of Keatinge & Ball, who used the \$1 counter at the right on the Florida State notes. SEE THE CONFEDERATE SECTION FOR THE \$5 AND \$10 PROOF NOTES OF THIS BANK WHOSE PLATE WAS CONVERTED FOR CSA TREASURY NOTE USAGE.

- 1156 **Same Issuer. \$2. (G-4a). Proof on card. Unc, POC. Ex ABN Sale, only sheet on card with color tint. (\$125-Up)**

The \$2 counter at the right was used by Keatinge & Ball for the State of Florida \$2 notes.

- 1157 **Same Issuer. \$20. (G-10a). Proof, on card. Unc, POC. Ex ABN Sale, where this came from the only tinted sheet and the only one on card. (Photo) (\$125-Up)**

The number medallions at the top were used for the Confederate Type 18 notes by Hoyer and Ludwig, who used numerous elements from the Bank's high denomination plate. The same counters were used on two different Florida State \$20's.

- 1158 **Same Issuer. \$50. (G-12a). Proof, on card. Unc, POC. Ex ABN Sale, where this was the unique note of this denomination. (Photo) (\$150-Up)**

As in the case of the preceding notes, this note and its plate passed from the Confederate Treasury into the hands of the Confederate printers. In the case of this note, the two 50 counters and the two men at the left were used by Ludwig to produce his Type 14 note. Later, the milkmaid at the center was used by him on the Type 39 notes and remained in use on the Type 40 bills.

- 1159 **Same Issuer. \$100. (G-14a). Proof, on card. Unc, POC. Ex ABN Sale, where it was the only such note offered. (Photo) (\$150-Up)**

Again, this note's plate provided the Confederate printers with elements for their Confederate issues. The number counters here were used by Hoyer and Ludwig on the Type 13 and Types 39 and 40 notes. They also appeared on the two Florida state 100's done by Ludwig. Paterson later used counters for the last Mississippi state 100 from this note's plate.

- 1160 **Thomasville. COTTON PLANTERS BANK OF GEORGIA. \$2. 1862. Typeset, small "D". VG. (\$100-Up)**

ILLINOIS

- 1162 **Kaskaskia. BANK OF CAIRO. \$5. (G-24) Proof, on card. Unc, POC, paper is aging. (\$75-Up)**

- 1163 **LaSalle. ILLINOIS AND ROCK RIVER RAILROAD. \$3. 1841. D&Co. Fine, some aging and a couple of foxing spots. (\$75-Up)**
The left vignette appears to be that of the Roman emperor, Marcus Aurelius.

Rare Scrip Sheet

- 1164 **Ottawa. WILLIAM H. W. CUSHMAN, per the Bank of Ottawa. Sheet. 50¢-50¢-25¢. 1862. Charles Shober, Chicago. VF, folded both ways, with a tear in the top note at the left and a bottom edge nick. (Photo) (\$150-Up)**

This may be a partial sheet as the bottom is trimmed in a bit; however it is the first one we have seen in this form.

- 1165 **Pittsfield. HIGHLAND BANK. Sheet. \$5-\$10. (G-2,4). SENC. Proof, on india paper only. AU, POC, top right corner tip broken off. Ex ABN Sale, stamped. (Photo) (\$200-Up)**

Five State Tie Note

- 1166 **Springfield. CLARK'S EXCHANGE BANK. \$1. (G-2). SENC. Proof, on card. Unc, POC. Ex ABN Sale, stamped. (Photo) (\$175-Up)**

This is the first note of this famous banking house that we have ever offered. We did offer some bills of exchange, drafts and certificates in our Vacca sale in 1981, some of which sold at prices in excess of \$600. The firm had its origins in New York City, where Jay Cooke, later the famous financier of the Civil War era, was a partner. It also had offices in Boston, Philadelphia, Burlington, IA and St. Louis, Missouri. This firm was severely run in 1857 but survived into the 1860's. Its issued notes are practically unavailable. The reason for the Illinois issues in small denominations was to get around Missouri's ban on notes under the denomination of \$10 (Illinois notes could be received in Missouri). Moreover, the use of out of state notes was Clark's only effective way to challenge the virtual monopoly of banking possessed by the state owned Bank of Missouri.

Proof Sheet

- 1167 **Urbana. GRAND PRAIRIE BANK. Sheet. \$1-2-5-10. (G-2,4,8,10). No tint, all SENC. Proof on india only. Unc, POC, handling traces and a small piece out of the lower right corner, affecting only the margin. Ex ABN, but not stamped so. (Photo) (\$450-Up)**

Technically essays without the tint as the issued notes would have had before being sent to the bank of issue.

INDIANA

- 1168 **Brookville. JOHN VAN MATE(?), per the Brookville and Connersville Turnpike. \$5. 1848. Unlisted. Fine, but a long split down the center, a piece off the top left corner tip and pervasive, but moderate staining especially at the top and left. Extremely Rare. (Photo) (\$125-Up)**

Rare Variety

- 1184 **BANK OF VINCENNES.** \$10. (Similar to G-34). Overprint for the "State Bank of Indiana", listed by WVS as 834-4, but not by Haxby. Fair, several corner pieces gone. (\$75-Up)
- 1185 **Various Branch \$3 Bank of Vincennes Notes.** (\$135-Up)
 1) Brookville. (WVS84-7). Unc, some handling traces however. 2) Corydon. (WVS146-3). VG, plus. 3) Vevay. (WVS815-9). VG. [3]
- 1186 **Warsaw. TREASURER OF KOSCIUSKO COUNTY.** \$1. (WVS856-1) R-7. Fine or so, rough along the left edge, aged. (\$100-Up)

A SUPERB OFFERING OF INDIANA COLLEGE CURRENCY

The following eighteen lots of Indiana college notes represent the largest public offering of them to our knowledge. Although college currency has been an often neglected area of obsolete currency collecting, the near future publication of a comprehensive catalogue on the subject should definitely increase knowledge and therefore increase interest in the area. Many of these notes are very rare and the first that we have offered or seen. The notes from Valparaiso (located in the northwest portion of the state, near Chicago) are particularly noteworthy because they exist in several different series, each characterized by different formats. Only two denominations (no varieties are mentioned) are listed in the Indiana book published by the SPMC.

- 1187 **Danville. CENTRAL NORMAL COLLEGE.** \$1. Blue, very light red florated block back. W.B. Burford Lith. Ind's (Indianapolis). AU, due to handling traces. (Photo) (\$100-Up)
 The first time we have offered this college issuer.
- 1188 **Same Issuer. \$5.** Imprint, color and back as previous. AU, petty handling. (Photo) (\$100-Up)

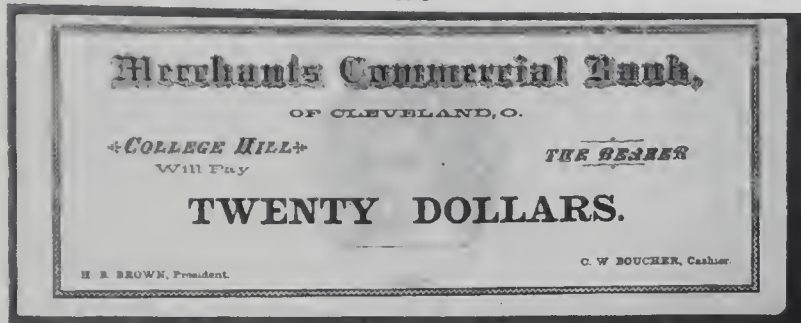

- 1189 **Same Issuer. \$50.** Same imprint, color and back as previous. AU, a foxing spot at the upper left. (Photo) (\$125-Up)
- 1190 **TERRE HAUTE COMMERCIAL COLLEGE/TERRE HAUTE COLLEGE BANK.** \$2. (RN). Wm. B. Burford Lith. Inds. Grayish blue face and back. VF, but aged and upper right edge staining. (\$50-Up)
 The face of all these notes has a vignette of the main hall at center and design elements common to this lithographic company and an ornate back with a sweeping river scene.
- 1191 **Same Issuer. \$5.** Similar to above, train left, anchor right. EF, aged, light foxing. (\$50-Up)
- 1192 **Same Issuer. \$10.** Similar to above, girls left, dog (adapted from Landseer) right. Fine, rather soiled. (\$50-Up)
- 1193 **Same Issuer. \$20.** Similar, girl right, train left. Fine, soiled, the back off-center towards the bottom. (\$50-Up)
- 1194 **Same Issuer. \$50.** Similar, ship left, horse right. Fine, soiling, some light right end staining. (\$50-Up)
 The school's proprietors were Isbell and Miller as indicated at the bottom center.
- 1195 **Same Issuer. \$100.** Similar but with a green back instead of blue. VF, some edge soiling. (Photo) (\$75-Up)
 We have handled this issuer several times, but some denominations and varieties are probably rarer than others. The usual soiled condition of these notes indicates that this college certainly had hard working students.

Very Rare Valparaiso Business College Notes

- 1196 **Valparaiso (College Hill). FIRST NATIONAL COLLEGE BANK. \$1,000.** Vidette Print. Blue with light green back. Signed in hand by W.B. Cooper as cashier, and printed signature of H.B. Brown as president. Fine, yellowed, two fold splits, crayon mark, foxing spot. **Excessively Rare. (Photo)** (\$150-Up)
Brown's name was later attached to the football field at the current Valparaiso University.
- 1197 **Valparaiso. NORTHERN INDIANA NORMAL AND BUSINESS INSTITUTE, per FIRST NATIONAL BANK of CHICAGO. 2¢.** Typeset face and back, no imprint. AU, corner fold. (\$100-Up)
The second we have seen and handled.
- 1198 Same Issuer. **10¢.** Identical save denomination. AU, handling. (\$100-Up)
- 1199 Same Issuer. **25¢.** Identical as last. AU, petty handling. (\$100-Up)
- 1200 Same Issuer. **\$10.** Typeset with a light green back and an imprinted oval medallion of Washington (like an imprinted revenue). EF, rumpling. (\$125-Up)
- 1201 Same Issuer, per **MERCHANTS COMMERCIAL BANK OF CLEVELAND, O. \$10.** Similar but with gold imprinted medallion of Martha Washington at center. AU. (\$125-Up)
- 1202 Same Issuer. **\$20.** Martha Washington medallion head imprinted at center. **Unc.**, trivial handling. (Photo) (\$125-Up)
The different series of notes from what is basically the same institute, but of different namesakes, demonstrates the functions of business school currency. First as a means of training students in the use of money in transactions that would confront them in the real world (for example a teller handling currency in a transaction between two National banks) and also as scrip circulating in inter-school commerce such as the book store, cafeteria and also sometimes for tuition (see lot 104).

- 1203 **COMMERCIAL COLLEGE, per FIRST NATIONAL BANK OF CHICAGO. \$1,000.** Face similar to preceding, Washington head in gold at center. The back in green, horse at center. **Unc.**, light edge aging. (Photo) (\$150-Up)
Signed by Boucher as cashier. The original business college at Valparaiso (adjacent to fraternity row) was torn down along with several other early university buildings to make way for the new law school building in the mid-1980's. Famous Valparaiso alumni include Lowell Thomas and Fuzzy Thurston of Green Bay Packer fame.

Dragon Fly Vignette

- 1204 **(Valparaiso). ACTUAL BUSINESS DEPARTMENT. 25¢.** College Currency. No imprint. Br face/green back. Written signatures of Boucher and Brown. AU. **Extremely Rare** and the first we have seen. (Photo) (\$200-Up)
This note would certainly be an enigma to anyone that was not familiar with these college issues or the history of the university. The note is most likely a stock scrip note, utilized by the college as possibly actual circulating currency. The ornate green back with the dragon flies is one of the few instances of insects appearing on obsolete currency. Certainly one of the more interesting items we have handled recently and it would not surprise us if it brought a runaway price.

IOWA

- 1205 **Lyons. STATE BANK. \$1. (G-164).** Good, heavy, even wear with fold surface splits. (Photo) (\$150-Up)

- 1218 **New Orleans. GEORGE W. GREGOR & CO, Watches, Jewelry and Silverware. \$1.** Ad note, red, black, W.R. Smith, NY. VG. The red is a bit faded. (Photo) (\$100-Up)
This note was first intended as an ad note. Subsequently, during the war, Gregory, stamped cents under the "100" counters and signed the left and right halves of the note, so that it could be, as in fact it often was, cut in half, for use as two ersatz 50¢ notes.
- 1219 **New Orleans. INSURANCE BANK OF W.B. PARTEE & CO. 50¢, \$1, \$2. July 1, 1851. RWHE NO.NY. U. Fine-VF.** (\$150-Up)
Apparently, very few of these notes were issued. The left over sheets were used to print Louisiana State notes in 1862. As the sheets were cut up and printed upon without regard to the old notes on the other side, there are very few complete notes, such as we have here, to be had. [3]

We have handled only one genuine note of this bank and it was raised. There is much debate as to the animal which the Indian seeks to spear. It appears to be a shark, but sharks seldom cruise on the surface, particularly in rocky, rough waters.

Bowen in his book did not know whether there was a second \$1 bill, serial letter B on the sheet of this bank's notes or whether there was another denomination. - Notes issued by bars are especially popular for some reason. This note reminds one of the lyrics in one of the lead songs in the Broadway play, "The Unsinkable Molly Brown" in which the heroine sings a song whose lyrics run "Belly up, belly up to the bar boys, let your money be seen/ only drink by day or night or somewheres in between.."

A DISTINGUISHED OFFERING OF NEW YORK STATE NOTES

It has long been our feeling that the obsolete bank notes of New York State have been undervalued and, in consequence, unappreciated both as regards to their collectibility and their true rarity. To promote a change in this unwarranted attitude, we have inserted a good deal of historical information including the outstanding dollar amounts of unredeemed, genuinely issued notes of many of the banks in this section. We have never included this information in any of our catalogues to date. When these amounts are scrutinized, collectors will understand why many of these notes are rarely seen in any condition. Also, bona fide issued notes are much rarer than their existing proofs, especially so since the dispersal of the American Banknote Company holdings. This certainly explains the large number of surviving counterfeit, spurious, altered and sometimes complete fantasy notes which could not be redeemed and therefore appear readily in numismatic channels today.

Included in this offering, from several different consignors, are many Haxby plate notes from an old time collection which featured not only rare genuine notes, but many rare and undervalued counterfeit, raised, spurious and altered notes; many of which are rarer than you would be led to believe. These notes should be sought after by serious collectors seeking completeness. Indeed, Haxby thought enough of them to include them in his monumental work on obsolete bank notes.

Many of the notes presented were obtained at NASCA's Guevrekian sale in 1977 and other early NASCA auctions. They have been off the market since then and include many rarities not present in the ABN archives. Several of the raised genuine notes are raised from SENC notes. Also, please note that many rare notes will also be included in the Mail Bid only portion of this sale.

We would like to point out to the collectors of New York State Nationals that they might wish to obtain obsolete notes from New York to match signatures with their First Charter Nationals for "cross-over" pairs. Such an opportunity rarely presents itself.

- 1306 Adams. HUNGERFORD'S BANK. \$1. G2. Proof on india, backed on paper. Unc., POC, a hardly noticeable flaw near the center POC. (Photo) (\$100-Up)

Probably Unique Sheet Of All SENC Notes

- 1307 Addison. THE ADDISON BANK. Sheet. \$1-\$1-\$2-\$3. (G-2,2,4,6). Red protector ones. Proof on india, on card by DW. Unc. Pristine. Ex ABN; only one appeared. (Photo) (\$800-Up)
- The pencil number "14" at the upper right of the card is probably the page number from the original DW archive sample book from which this sheet was taken. We base this opinion on our observations taken during our viewing of the auction lots before the ABN sale last September. Although the ABN holdings were so large, it does nothing to diminish the importance, beauty and extreme rarity of the proof sheets on original cards from the sale; especially the DW issues, of which there were comparatively few. The book that this sheet came out of, when it was intact, would have been a proof note collector's dream. Fortunately, present and future collectors will be able to share that enjoyment.

An interesting note in that it is technically a receipt for stock received; but its appearance and wear indicate that it may have travelled in commerce.

This is a redeemed note and is ex Guvevrekian sale lot 534. The punch holes are in the shape of a "P" (paid); the purple stamp indicates the succeeding National Bank of the same title redeemed it, probably well after the Civil War.

- 1375 NASH'S GRAND TABLEAUX. Ticket for admission in the style of a lottery ticket. No imprint. Fine, foxed, corner chipped. (Photo) (\$100-Up)

Proof Drafts Related To Wells, Fargo & Company

These were issued rather in the manner of travelers checks today. Persons purchasing them could either send over to Ireland to have their families come and join them, or they could be used to cover the expenses of a trip back to the old country to visit with family or friends. In all probability, there were other denominations. A one pound draft then probably had the purchasing power of one hundred dollars today.

The central vignette, showing Washington receiving money from the Bank of North America, while his troops prepare to march off to victory at Yorktown, is a propaganda effort by the bank, which claimed the right to a recharter because of its services during the Revolution. In fact, the bank's capital was not in hand until October 1781, by which time Yorktown had been won. It thus had very little to do with winning that epic struggle.

UNITED STATES COINS

NON-U.S MINT ISSUES

Popular Scott CSA Token

- 2001 1861 Scott Token obverse, Confederate reverse. White metal. **Brilliant Uncirculated**, semi-prooflike surfaces. (Photo)
The Confederate government considered the minting of half dollars at New Orleans in 1861 and dies were manufactured for that purpose. Only four originals were struck on blank standard half dollar planchets. Later, J.W. Scott and Company of New York acquired the dies and made 500 examples (now known as restrikes) by striking the C.S.A. reverse on the planed-down reverses of regular 1861 half dollars. These are easily identified since they weigh somewhat less than the standard silver half dollars and the obverses appear somewhat flattened. Scott also struck tokens in white metal using the Confederate reverse die and his own special obverse die. The example in this lot is one of Scott's white metal tokens. In our Grand Central Sale, November 1990, a similar example brought \$620 plus 10%.

Unlisted Reprint Sheet

- 3042 Revere Sword in Hand Sheet. December 7, 1775. 4 Shillings 6 Pence, 1 Shilling 6 Pence, 2 Shillings 8 Pence, 1 Shilling 4 Pence/ 7 Shillings, 3 Shillings, 3 Shillings 4 Pence, 8 Pence. EF, edge folds, back hinges. (Photo) (\$800-Up)
 This reprint sheet from the original plates is unlisted in Newman. The reprint character of the item, probably done by Cohen, who had the New Hampshire and Rhode Island sheets done, is demonstrated by the granular press bed smearing, which arises from rusty plates. We have seen only three of these and handled only this one. A Great Rarity for the serious Colonial Collector. There is also a December 7, 1775 42 Shillings. Printed on blue paper. VF-EF, a heavy center fold and pin holes, particularly in the upper left. [2]
- 3043 Various Massachusetts Colonial Notes. (\$100-Up)
 1) October 18, 1776. 3 Pence. VG, COC, soiling. 2) May 5, 1780. \$2. VF, or so, interest stamp, POC. [2]

EF, the left borders of the three top left notes and the right border of the second note on the right are trimmed. A **Rare Sheet** almost certainly part of the Cohen reprint group, like the Revere sheet in lot 1042, almost certainly part of only a few pulls from the original, lightly rusted, plates.

3045 May 5, 1780. **\$3**. No.8723. Choice AU, with just the hint of a center fold, interest stamped and with the signatures pen cancelled.

There are two letters dated September 9 and 15 regarding a debtor in a New York prison for debt in 1817. The writer, Thomas T. Rodman, has a hand strongly similar to the Thomas Rodman who signed New Jersey colonial notes in the 1760's. He might be a son. Rodman reports that he is ill and urges his friend, who is handling his affairs to speed his efforts in order that Rodman can get out of jail. The letters are torn where they were opened at the wax seal. [2]

LEGAL TENDER NOTES

- 3102 **\$1. Fr.17.** 1862. Series 1. Plate 1. Serial No.39 at top right and overprinted on to the Treasury seal. There is an engraved line under both serial numbers. Series 1. Plate #1. **Fine-Very Fine**. The top border is trimmed tightly. We have seen very few examples of this interesting variety. (Photo) (\$250-Up)

- 3108 **Large Size Legal Tender Grouping.** (\$120-Up)

- 3109 **\$2. Fr.48.** 1878. No.A3022851. **Very Fine**. (Photo) (\$75-Up)
This note, and some others like it, are a source of controversy. The seal is a lighter magenta color than the regular notes. One opinion is that it is a chemical alteration done at a later date or comes from natural oxidation. However, in the past, some have been offered for sale at public auction and brought large sums of money. **Sold as is, No returns.**

- 3202 **FARMERS & MERCHANTS BANK OF COBLESKILL. Initial Federal Deposit Insurance Corporation Certificate.** August 23, 1935. No.11056. (a late issue). (\$150-Up)
- The bank was founded in 1893 and went into voluntary liquidation in 1939. Note the \$5000 deposit insurance limitation. Leo G. Crowley, whose printed signature appears at lower right, was the first head of the FDIC. These certificates were issued to be framed and posted in the banking room to reassure the depositors that the bank was indeed part of the FDIC system. Such certificates are seldom seen today and any original certificate is extremely rare.

FEDERAL CURRENCY RELATED ITEMS

- 3210 **Narramore Card Set.** A set of Treasury authorized photographic reproductions in miniature of U.S. Treasury Notes and National Bank Notes, \$1 to \$1000. Entered according to Act of Congress 1866. (\$75-Up)
- Approximately 2 1/2" x 4" on gilt framed cards with rounded corners. Though most are quite nice, a few have minor folds and stains. [18]
- 3211 **\$5 "National Currency" Trial Piece.** (\$100-Up)
- An extremely curious piece of uncertain origin or purpose. Printed in light green on very thin off-white paper. The Hessler plate note from the top of page 212 where he states "...said to have been a part of the estate of John E. Gavit, president of the American Bank Note Company who died in 1874." There is no printing, but the watermark reads "National Currency", "FIVE", and "UNITED STATES".
- 3212 **BANK DIES FOR ALL NEW ENGLAND STATES & VICINITY [SIC].** A 300 page bound volume indexed by state containing impressions of teller's stamps and other dies and seals from hundreds of banks in the region. A unique and interesting item. (\$150-Up)
- Some are rubber stamp impressions, others are pencil rubbings of metal dies. Notations indicate storage locations, replacement of old stamps with new versions, whether the dies are the property of the bank or not, and the date that they were received, changed or discontinued. Most probably this volume was part of the archives of a company that manufactured the stamps, dies and labels used by the banking industry in New England from about 1900 to the early 1960's. The last few pages include stamps and dies of retailers.

Important Essays By Baldwin For The Series 1918 \$50 Federal Reserve Notes

- 3215 **"PANAMA"** A pair of essays, both **Proof**, on india paper, on card. The impressions clean and bright. The first, less finished version has tack holes around. The second, more finished proof has a corner smudge. **(Photo)** (\$250-Up)
- The pinholes around the perimeter indicate that this was used by the artist, Marcus Baldwin, rather than for presentation used. The first vignette is dated 3/25/03. These two were progress proofs for the back design used for Fr. 1012-1047 and 831. **Extremely Rare and Important.** [2]

Wash Drawing

- 3216 **Wash Drawing for the back of the \$5 1899 silver certificate ("Onepapa").** 42cm by 17cm. Soiled and splitting, proper framing and matting would make it nice display piece.

Important Georgia Proof Obsolete Notes With CSA Note Design Ties

- 3307 **GA. Savannah. MECHANICS SAVINGS BANK. \$10.** (G-8a). **Proof**, on card. **Unc**, POC. (Photo) (\$250-Up)
In September 1861, this bank sent three plates, minus the tints, to Richmond for use by the Confederate Treasury. The new firm of Leggett, Keatinge and Ball took the "A" positions of the \$5-5-10-10 plate and produced the Type 23 and Type 32 notes. The bank language was scraped off the plate and the Confederate verbiage inserted in its stead. This was the only color proof of this note in the ABN Archives sale. **A must for the serious collector.**
- 3308 **GA. Savannah. MECHANICS SAVINGS BANK. \$5.** (G-6a). **Proof** on card. **Unc**, POC, a folded corner tip. (Photo) (\$250-Up)
As indicated in the preceeding lot, the plate of this note served as the model for the T-32 note. This also appeared on only one tinted sheet in the ABN Archives sale.

Indian Princess Note

- 3309 **\$5.** T-35. (Cr.271). No.1119. **VG**, petty splitting in from the left, a trimmed right top border. (Photo) *(\$1400-Up)
- 3310 **\$100.** T-39 (11), T-40 (4). **Fine to Unc**, VF-EF on average. [15] (\$135-Up)
- 3311 **A Complete December 2, 1862 Typeset.** (\$160-Up)
1) \$100. T-49. **Unc**, petty handling traces. 2) \$50. T-50. **Unc**. 3) \$20. T-51. EF, CC.4) \$10. T-52. AU, number in ink written on face. 5) \$5. T-53. AU, the lightest of center folds. 6) \$2. T-54. **Unc**. 7) \$1. T-55. **Unc**, but with a mishandled corner. [8]
- 3312 **\$20.** T-58. (Cr.422/1)). **Error:** Serial letters A/E. No.123564. **Fine**, CC. (Photo) (\$150-Up)
This is one of the great Confederate error rarities. We have seen or heard of only 7 of these. This a certainly the third best, if not the second. The best is buried in a museum. **Another key piece for the serious collector.**
- 3313 **\$5.** T-69. (Cr.560). E, plate 65. **Note number 1.** **Unc**, slightly mishandled and trimmed at the right and the top border is trimmed away. (\$100-Up)
We have seen or heard of only five number 1 notes of which this is the fifth. We have offered only one, a T-41, which realized over \$200 in 1987. While there were a potential of four T-41's, there were 56 of this type. **Still, an important item for any serious collection.**

*Please note that a 10% buyers charge will be added
to each lot purchased on all purchases.*

- 3314 **CHARLES GALLAGHER**, Sutler, California Regiment of General Burns Brigade. 25¢. 1861-2. A.E. Hoen, Baltimore, or, gr and bk. **Good-VG**, bottom edge chinks. (Photo) (\$200-Up)
We can find only one other offering of this Sutler note; the Criswell collection in the Kagin Sale in 1977, where a better note realized \$231. "General Burn's Brigade" pertained to General William Wallace Burns (1825-1892). He became of BG of Volunteers in September of 1861 after serving as McClellan's chief commissary. He fought in Sedgewicks 11 Corps at Fredericksburg and then finding administration more to his taste resigned his command and returned to the commissary service.

- 3315 **GA. Savannah. FARMERS AND MANUFACTURERS BANK. \$20.** (G-10). U. **VG**, with soiling on the back. (Photo) (\$150-Up)

This note was printed by Blanton Duncan, who got the order in 1862, after he moved his office to Columbia, S.C. However, when the shipment reached Savannah, the postmaster became suspicious and called in the Confederate detective service. Although the post box was carefully watched, the creators of this fictitious bank got cold feet and decamped. Note the similarity of this note's upper right and lower left number medallions as well as those in the center and center bottom with those appearing on the T-20 note.

CONFEDERATE BONDS

Only five complete bonds are know, three of variety 6A, two of variety 6.

Anomaly Bond

- 3320 **\$1000.** (Cr.109. No.7749. Back interest and payment notations. Aged around the edges and a scarce bond of which only about 300 odd were issued. (\$100-Up)
The anomaly of this bond arises from the fact that the act which authorized it was intended for the benefit of the notes issued by the Act of August 19, 1861, as amended. However, this was issued in exchange for notes dated "December 2, 1862" which were only supposed to be funded into 4% call certificates, not 6% ones.

High Denomination Bond

- 3321 **Act of February 17, 1864. \$5000.** (Cr.145). No.10. **Choice for type.** (Photo) (\$500-Up)

This lot consists of a block of 6 x 10, minus one stamp; another of 7 x 6 and the last is 2 x 10. A total of 111 stamps. [3]
